SECOND AMENDMENT TO THE ASIA-PACIFIC TRADE AGREEMENT

The Governments of the People's Republic of Bangladesh, the People's Republic of China, the Republic of India, the Lao People's Democratic Republic, the Republic of Korea and the Democratic Socialist Republic of Sri Lanka:

RECALLING the decision of the Ministers of Participating States in their Ministerial Declaration adopted at the Third Session of the Ministerial Council in Seoul on 15 December 2009, directing the Standing Committee of the Asia-Pacific Trade Agreement to deepen tariff concessions and to expand negotiations into additional areas of cooperation as "a truly pan-Asia-Pacific Trade Agreement,"

Noting that the Fourth Round of tariff negotiations have now been concluded and also that the Rules of Origin have been successfully negotiated, and to implement these decisions the APTA has to be amended in view of its Article 26,

HAVE AGREED as follows:

1. The following amendments are made to the Asia-Pacific Trade Agreement:
 - (i) The National Lists of Concessions (Annex I of APTA) are substituted by the new National Lists of Concessions, which are annexed to this Second Amendment.
 - (ii) In the Rules of Origin (Annex II of APTA)
 - a) The following is added as Footnote 9:

***'RULE 4: INTERPRETATION OF THE TERM "AGGREGATE
CONTENT"***

“The aggregate content” in Rule 4 shall be calculated as the sum of the value of originating materials used as a input (VOM1) and the value for originating materials added by the Participating State where working or processing of the finished product has taken place (VOM2).

VOM1 means value of the products which have acquired originating status in the territory of a previous Participating State, which shall be calculated on the basis of the customs value determined in accordance with Articles 1 through 8, Article 15, and the corresponding interpretative notes of the Customs Valuation Agreement.

VOM2 means value of the originating materials obtained in the territory of the Participating State where working or processing of the finished product has taken place, and the value used as input in working or processing of the finished product in that Participating State, including direct labour cost, direct overhead cost, transportation cost and profit for the finished product.

Under the above interpretation, the product shall be considered as a product originating in the territory of the Participating State where working or processing of the finished product has taken place, provided that the sum of VOM1 and VOM2 is not less than 60% of its f.o.b. value.’

b) The following is added as Footnote 10:

**‘RULE 5(b)(ii): INTERPRETATION OF THE TERM “DIRECT
CONSIGNMENT”**

The provision of Rule 5(b)(ii) of “The products have not entered into trade or consumption there” shall be interpreted that the products which remain under the control of customs authority of the intermediate non-Participating state without any proceedings of import clearance procedures shall be considered as directly consigned from the exporting Participating State to the importing Participating State.

The expression of "entered into trade or consumption there" is understood that the import declaration on the product was accepted and the product was released out of a bonded area into the domestic market of the intermediate country to be consumed or subsequently exported under another contract. Therefore, the product that is temporarily stored in the bonded area under the control of customs authority and has not undergone any operations or processes other than those defined in Rule 5b(iii), is understood to have not entered into trade or consumption.'

c) Annex II.A as appended to this Second Amendment is attached as Sectoral agreements in accordance with Rule 3(b)

2. This Second Amendment shall be deposited with the Executive Secretary of ESCAP, who shall promptly furnish a certified copy thereof to each Participating State.

3. This Second Amendment shall enter into force upon the deposit of instruments of ratification or acceptance by all signatory States with the Executive Secretary of ESCAP.

IN WITNESS WHEREOF, the undersigned, duly authorized representatives of the signatory States, have signed the present Agreement on behalf of their respective Governments.

Products covered by preferential trade within the framework of the Agreement imported into the territory of a Participating State from another Participating State which are consigned directly within the meaning of Rule 5 hereof, shall be eligible for preferential concessions if they conform to the origin requirement under any one of the following conditions:

- (a) Products wholly produced or obtained in the exporting Participating State as defined in Rule 2; or
- (b) Products not wholly produced or obtained in the exporting Participating State, provided that the said products are eligible under Rule 3 or Rule 4.

RULE 2: Wholly produced or obtained

Within the meaning of Rule 1 (a) the following shall be considered as wholly produced or obtained in the exporting Participating State:

- (a) raw or mineral products extracted from its soil, its water or its seabeds; ¹

RULE 3: Not wholly produced or obtained

- (a) Within the meaning of Rule 1(b), products worked on or processed as a result of which the total value of the materials, parts or produce originating from non-Participating States or of undetermined origin used does not exceed 55 per cent of the f.o.b. value of the products produced or obtained and the final process of manufacture is performed within the territory of the exporting Participating State shall be eligible for preferential concessions, subject to the provisions of Rule 3(c), (d) and (e).
- (b) Sectoral agreements⁶
- (c) The formula for calculating the content of non-originating materials, and its requirement for obtaining the originating status referred to in Rule 3(a) is as follows:

$$\frac{\text{Value of imported non-originating materials, parts or produce} + \text{Value of undetermined origin materials, parts or produce}}{\text{f.o.b. price}} \times 100 \leq 55\%$$

(d) The value of the non-originating materials, parts or produce shall be:

- (i) the c.i.f. value at the time of importation of materials, parts or produce where this can be proven; or

(e) Whether or not the requirements of Rule 1(b) are satisfied, the following operations or processes are considered to be insufficient to confer the status of originating products:

- ii) Simple operations consisting of removal of dust, sifting or screening, sorting, classifying, matching (including the making-up of sets of articles), washing, painting, cutting up;

- x) A combination of two or more operations specified above.

RULE 4: Cumulative rules of origin

Products which comply with origin requirements provided for in Rule 1 and which are used by a Participating State as input for a finished product eligible for preferential treatment by another Participating State shall be considered as a product originating in the territory of the Participating State where working or processing of the finished product has taken place provided that the aggregate content⁹ originating in the territory of the PS is not less than 60 percent of its f.o.b. value.⁷

RULE 5: Direct consignment

The following shall be considered as directly consigned from the exporting Participating State to the importing Participating State :

- (a) if the products are transported without passing through the territory of any non- Participating State :
- (b) the products whose transport involves transit through one or more intermediate non- Participating States with or without transshipment or temporary storage in such countries, provided that :

- (i) the transit entry is justified for geographical reason or by considerations related exclusively to transport requirements;
- (ii) the products have not entered into trade or consumption there¹⁰; and
- (iii) the products have not undergone any operation there other than unloading and reloading or any operation required to keep them in good condition.

RULE 6: Treatment of packing

When determining the origin of products, packing should be considered as forming a whole with the product it contains. However, packing may be treated separately if the national legislation so requires.

RULE 7: Certificate of origin

Products eligible for preferential concessions shall be supported by a Certificate of Origin⁸ issued by an authority designated by the government of the exporting Participating State and notified to the other Participating States in accordance with the attached sample Certificate of Origin and notes for the completion thereof.

RULE 8: Prohibition and co-operation

- (a) Any Participating State may prohibit importation of products containing any inputs originating from States with which it does not have economic and commercial relations.
- (b) Participating States will do their best to co-operate in order to specify origin of inputs in the Certificate of Origin.

RULE 9: Review

These Rules may be reviewed as and when necessary upon request of one-third of the Participating States and may be open to such modifications as may be agreed upon.

RULE 10: Special criteria percentage

Products originating in least developed Participating States can be allowed a favorable 10 percentage points applied to the percentages established in Rules 3 and 4. Thus, for Rule 3, the percentage would not exceed 65 percent, and for Rule 4, the percentage would not be less than 50 percent.

Footnotes

1. Includes mineral fuels, lubricants and related materials as well as minerals or metal ores.
2. Includes forestry products.
3. "Vessels"- shall refer to fishing vessels engaged in commercial fishing, registered in a Participating State and operated by a citizen or citizens or governments of Participating States or partnership, corporation or association, duly registered in such Participating State, at least 60 per cent of equity of which is owned by a citizen or citizens and/or government of such Participating State or 75 per cent by citizens and/or governments of the Participating States. However, the products taken from vessels engaged in commercial fishing under bilateral agreements which provide for chartering/leasing of such vessels and/or sharing of catch between Participating States, will also be eligible for preferential concessions.
4. In respect of vessels or factory ships operated by government agencies the requirement of flying the flag of a Participating State shall not apply.
5. For the purpose of this Agreement, the term "factory ship" means any vessel, as defined, used for processing and/or making on board products exclusively from those products referred to in paragraph (f) above.
6. As specified in Annex II.A.
7. "Partial" cumulation as implied by Rule 4 above means that only products which have acquired originating status in the territory of one Participating State may be taken into account when used as inputs for a finished product eligible for preferential treatment in the territory of another Participating State subject to Rule 3 (e).
8. A standard Certificate of Origin to be used by all Participating States is annexed and approved by the Participating States.
9. "The aggregate content" in Rule 4 shall be calculated as the sum of the value of originating materials used as a input (VOM1) and the value for originating materials added by the Participating State where working or processing of the finished product has taken place (VOM2). VOM1 means value of the products which have acquired originating status in the territory of a previous Participating State, which shall be calculated on the basis of the customs value determined in accordance with Articles 1 through 8, Article 15, and the corresponding interpretative notes of the Customs Valuation Agreement. VOM2 means value of the originating materials obtained in the territory of the Participating State where working or processing of the finished product has taken place, and the value used as input in working or processing of the finished product in that Participating State, including direct labour cost, direct overhead cost, transportation cost and profit for the finished product. Under the above interpretation, the product shall be considered as a product originating in the territory of the Participating State where working or processing of the finished product has taken place, provided that the sum of VOM1 and VOM2 is not less than 60% of its f.o.b. value.
10. The provision of Rule 5(b)(ii) of "The products have not entered into trade or consumption there" shall be interpreted that the products which remain under the control of customs authority of the intermediate non-Participating state without any proceedings of import clearance procedures shall be considered as directly consigned from the exporting Participating State to the importing Participating State. The expression of "entered into trade or consumption there" is understood that the import declaration on the product was accepted and the product was released out of a bonded area into the domestic market of the intermediate country to be consumed or subsequently exported under another contract. Therefore, the product that is temporarily stored in the bonded area under the control of customs authority and has not undergone any operations or processes other than those defined in Rule 5b(iii), is understood to have not entered into trade or consumption.
